

Since 1960.....

Frank & Jeanette Tucker founded Marshallville Packing Company in 1960. Their first employee was a German sausage maker and his recipes are still used today.

Sons, John and Terry, continued the family business until recent years when the third generation, Jim Tucker, took over the business, bringing new innovation and products to the market.

Today we remain one of the largest family-owned meat markets in Ohio. Jim is president of the Ohio Meat Processors Association, and our sausages, hams and bacon win awards each year at that yearly conference. Our work ethic, friendly personal service and commitment to community support continues to keep our legacy alive.

Thank you for choosing Marshallville Packing Company where we "Meat" the nicest folks!

JOHN'S HOLIDAY HAM RECIPE Special Dinner Ham

Place the ham in enough heavy-duty foil to completely wrap. Score top of the ham in ½ " squares. Cover top with pineapple rings, holding in place with ½ toothpicks (break off sharp ends sticking up). Put a maraschino cherry in each ring. Mix ½ cup brown sugar with a big squirt of yellow mustard and enough orange juice to make runny, then pour all over top of the ham. Put ½ cup raisins on top of the ham. Close foil and put in oven or electric roaster for four (4) hours at 325° F. After removing from heat and letting sit for 15 minutes, open top of foil and remove pineapple and cherries and set aside. Place the ham on a cutting board, and cut length wise in quarters then slice across the grain, each slice a quarter ¼" to 3/8 " thick. Place on two (2) serving plates. On one plate of ham place pineapple and cherries on top then pour juice and raisins from foil on top. Leave the second plate as is for those who don't enjoy the fruit. Now serve and enjoy! PS: Yes, you can get it all ready the day before – just put in your refrigerator until ready to heat.
